Aglime.com

Stoneco has recently finished development of our newest website solely dedicated to Aglime. The Site was developed to increase awareness of Aglime and its uses, keep the most up to date information on our Aglime available, and to help promote area Aglime Spreaders who purchase our material.

The added value for area Aglime Spreaders who purchase their material from us will be that we are advertising for them for free. A key to making this program a success will be having accurate Spreading Companies information to pass on. We will be keeping the Aglime Spreaders information on file and passing along information for potential customers to the Spreaders. If you own, or operate an Aglime spreading business please make sure we have your most up to date contact information available including Name, Phone Number, E-Mail Address (if available), and the areas that you are currently servicing. When you get a chance please stop by the website and let us know what you think.

Customer Service Concept Winners

A few months back we sponsored a contest for new Customer service concepts at any of our locations. Out of all the responses we received we managed to choose two finalists. The first idea came from Mr. Jordan Czarnick employed by Able Sanitary. Jordan offered the idea that we widen our truck path coming out our wheel wash at our Maybee Quarry. This idea was put into work right away and has already improved traffic flow at that location. The second winning idea came from Kelly Burman employed by Pipe Specialists. While Kelly's idea will not be used right away we liked it enough to award it. As promised the two winning concepts each received \$50 for their efforts, thanks again to everyone who participated.

Stoneco Billing

We are currently experiencing some "growing pains" with our billing process. Due to to personnel changes at our Maumee office and the addition of new Stoneco locations. We appreciate your patience through this transitional period for all of our locations. Ryan Lumpford is still available at our office to handle all of your customer service needs.

Denniston

Stoneco Denniston located at 15203 S. Telegraph in Monroe, MI recently came under the Stoneco Family of Quarries. It is ideally located to service the Monroe, Toledo, and Detroit markets, and is only two and one half miles from I - 75. Currently we have an abundance of 21AA Commercial and 3/8 Screenings available at this location. Please inquire with a Stoneco Sales Representative for pricing and availability. All sizes of MDOT Rip Rap are available at this location. Please contact a Stoneco Sales Representative for additional information on other products.
