Denniston - Maybee - Newport - Ottawa Lake - Zeeb - Ida - Ann Arbor

March, 2007

## Safety First

There are many hazards that present themselves in the mining industry and the majority of these hazards are potential accidents. Staying within the speed limit at each of our operations is the easiest way to prevent an accident. The Speed Limit at each of operations is 10 MPH, as you are visiting our locations please help us keep everyone safe by maintaining the posted speed limit.

## Career Day - 2nd Annual

On Thursday March 22nd we will be holding our second annual Job Fair / Career Day at the Stoneco Denniston location. Last year's event proved to be a big success for everyone involved. There will be 12 different stations where High School and College age students will have the opportunity to learn "hands on" what careers the construction industry has to offer them. For more information on this event please contact Ryan Lumpford at (734) 777-3396.

## Frost Law Hours

The below hours are currently in effect for the duration of frost laws / Load Limits.

OPERATIONS	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
Ottawa Lake	6am - 10pm	Closed				
Maybee	Closed	Closed	Closed	Closed	Closed	Closed
Denniston	7am - 4pm	Closed				
Newport	7am - 4pm	Closed				
Zeeb Rd	Closed	Closed	Closed	Closed	Closed	Closed
Ida Sand	Closed	Closed	Closed	Closed	Closed	Closed
Ann Arbor Yard	Closed	7am - 3pm	Closed	7am - 3pm	Closed	Closed

Any operation that is scheduled closed can be opened on request. Please call Ryan Lumpford to make the necessary arrangements.

## Tax Time

Tax day is April 16th. While we can't help you with your taxes we are hoping that you can help us with ours! We do our best to make sure we keep all of our information current as far as current address, phone & fax number, credit applications, contact information, being taxable or non taxable, etc... While the majority of us have to pay taxes there are certain projects that are tax exempt. If your account with Stoneco is taxable but the project you are working on isn't, we can set an order up prior to starting the project so you don't get charged tax. To do this we need a project name, a sales tax exemption certificate, what quarry you are purchasing the material from, and what material will be taken to that job. Please send this information to Tammy Anson at our Denniston Office fax # (734) 241-3636. Tammy is available at (734) 241-8966 to answer any questions you may have.

## Spring Cleaning

With winter almost behind us all of our operations will be in full production by the end of the month. Materials that we may have ran short on over the winter months will once again be available. With production starting please contact us with any specialty products you may require for the 2007 season.
