Denniston - Maybee - Newport - Ottawa Lake - Zeeb - Ida - Ann Arbor

April, 2007

Safety First

Proper signage and direction play an important role in our day to day activities. At all of our locations we have multiple signs up that cover many topics including check in, direction (*see below*), speed (*mentioned last month*), and traffic direction. At many of our operations the traffic flow shifts from the right side of the road to the left side. These changes are always denoted by signage and for everyone's safety need to be followed. If a driver ever has any questions please feel free to have them contact the operations scale office.

Ann Arbor Crushed Concrete

As of April 2nd our pricing for off load concrete materials has increased \$1.00 per yard. Our pricing structure illustrated below is based on material equal to and smaller than two feet & material larger than two feet. Please let us know if you have any questions regarding this new pricing structure.

Two Foot & Minus: \$6.50

Two Foot Plus: \$9.00

Stoneco Career Development Day

The Second annual Stoneco Career Development Day was held on March 22nd at the Stoneco Denniston Quarry. The event was a success with 200 students and administrators coming out to get a better idea of what types of careers and opportunities are available to them in the construction sector. Educational events like this help lay the ground work for positive relations with future employees, neighbors, and legislators. We express our deepest appreciation to everyone who participated in the event.

Spring Hours

The below hours go into effect Monday April 16th.

Ottawa Lake	6am - 10pm	6am - 12pm				
Maybee	6am - 6pm	Closed				
Denniston	6am - 5pm	6am-11:30am				
Newport	6:30am - 5pm	Closed				
Zeeb Rd	7am - 4pm	Closed				
Lowe Road Sand	7am - 3pm	Closed				
Ann Arbor Yard	7am - 3pm	Closed				

Please note that any hours changes can be found on our website and by calling (734) 241-8966. For extended hours or to request an operation that is scheduled closed to be open please contact Ryan Lumpford at (734) 241-8966. We will always do whatever it takes to meet any special needs you have.

Checking In

At our Maybee, Ottawa Lake, Denniston, and Zeeb Road locations we have the swipe cards system in place to improve load out times. We need your help to increase ticket and billing accuracy. Please make sure trucks that have checked in using their swipe cards are communicating any material, customer, or project changes that have occurred since the last time they were in to our Scale Staff. The swipe card system was designed to help keep the drivers in their trucks, but we still want to hear from them by radio or through the intercoms installed near every check in and outbound scales with any changes they have.
